ABOUT US

in the name of heritage

技术创新,材料革命

第二次世界大战后的经济复苏,为新科技新材料的发明提供了成长的土壤。

1968年阿鲁克邦®第一块铝复合板的诞生,取代了几百年来传统金属材料的延续,轻金属革命在欧洲点燃。

阿鲁克邦®完美实践了它引领技术前沿的不断创新:全新的理念,精益求精的品质,追求卓越的信念,正式标志着一个全新时代的开始。

Material Revolution

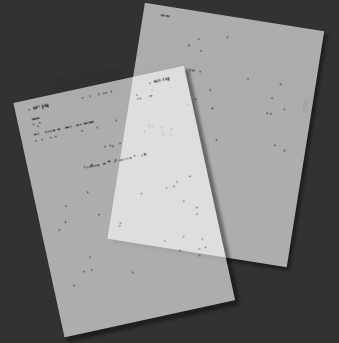

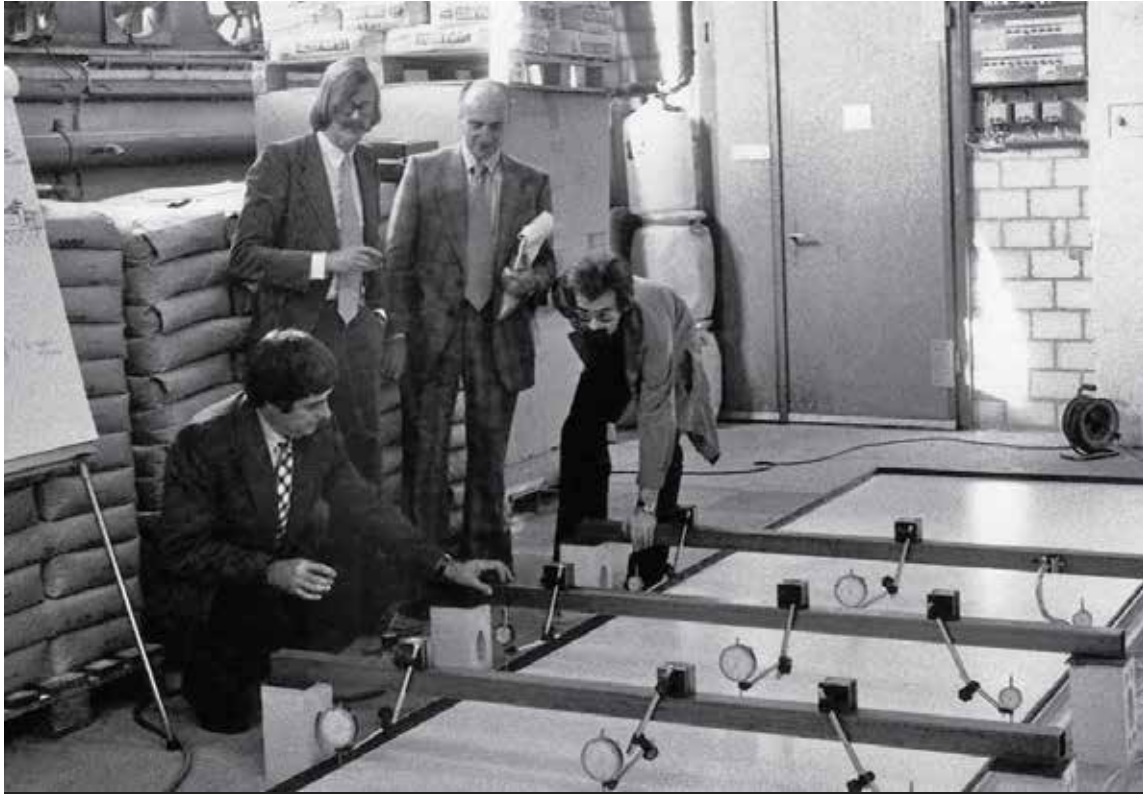

The economic recovery after World War II has provided a favorable platform for the invention and development of new technologies and materials.

In 1968, the first aluminium composite plate of ALUCOBOND® was created. Having replaced the hundreds-of-years tradition of solid metals. The light metal revolution arose on the continent.

ALUCOBOND® has created a new era: sophisticated ideas, exceptional quality, and pursuit of grandeur. Since then, ALUCOBOND® has taken its role in constant innovation.

to the future of
innovation

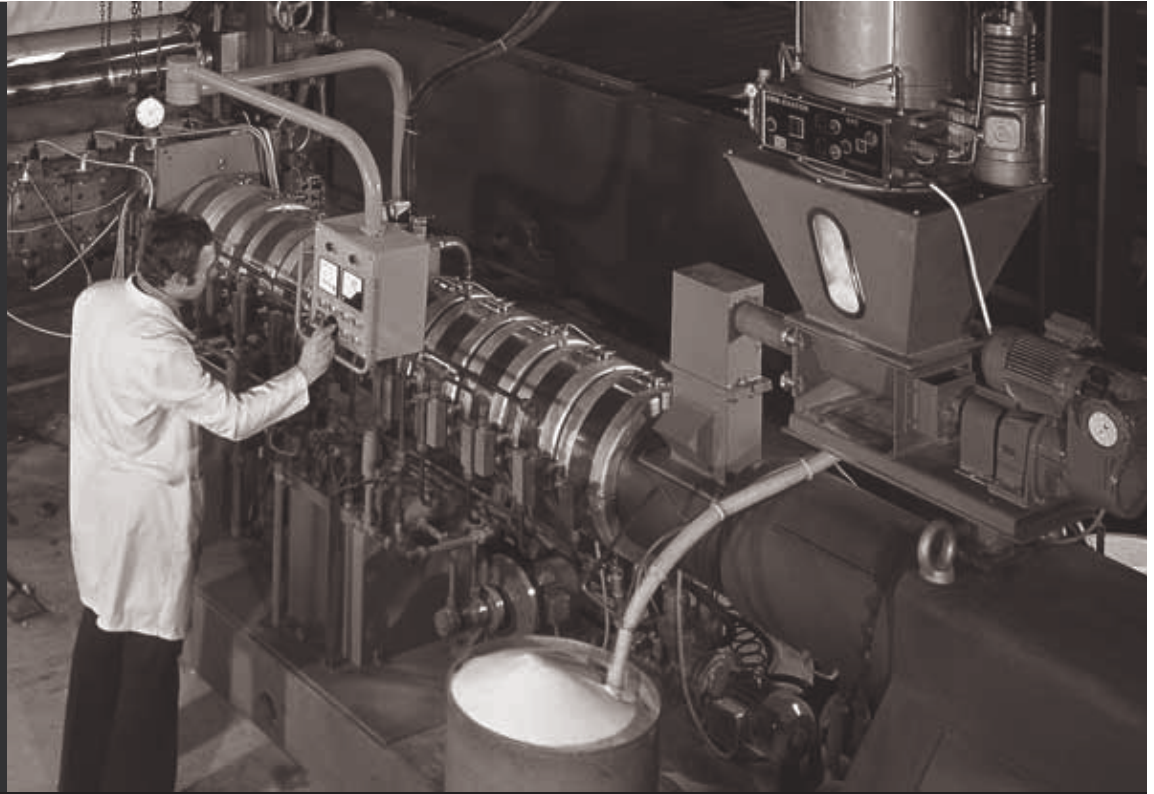

1964年一个偶然的机会 Dr. Dieter和他的同事 Franz Luckey 与贝尔实验室合作, 希望开发一种比铝材更轻质, 强度更高的材料。1968年他们成功的试制了世界上第一块铝复合板并取名“阿鲁克邦”, 并于1969年在德国辛根工厂量产, 使之从实验室走向了工厂车间。1970年, 阿鲁克邦® 在德国勒沃库森完成了其在建筑外墙上的首秀, 并就此奠定其在欧洲建筑材料中的地位。

专 利 发 明

Patent Acquired

In 1964, Dr. Dieter and his colleague Franz Luckey worked with Bell Labs by chance and hoped to develop a new material that has lighter weight and more strength than solid aluminium material. In 1968, the first mature aluminium composite panel was trial-produced by them and given the name 'Alucobond'. ALUCOBOND® was graduated to mass production in the Singen plant, Germany in 1969, when it went from laboratory to factory. In 1970, ALUCOBOND® established its reputation among European architectural materials after its first show in building facades in Leverkusen, Germany.

CELEBRATING TWENTY YEARS

ArTchitecture

艺术建筑

阿鲁克邦®历经时间的沉淀,是紧随时代变革的开拓者。每一步的改变都将设计师的精心设计及创意完美呈现,这里没有重复,这里唯有创造。

阿鲁克邦®将建筑材料的功能发挥到极致,它赋予建筑的意义不再是遮羞的外衣,而是建筑文化内涵的完美诠释。

在阿鲁克邦®的精神内核里,没有冰冷的材料,唯有舞动的建筑。

ArTchitecture

ALUCOBOND® is the experienced pioneer on his constant quest to new frontiers. Each step on its way, it carries sophisticated designs and new ideas of architects and brings them to where no one has gone before. There is no repetition but only originality here in ALUCOBOND®.

When it hasn't been done before, ALUCOBOND® knows how to maximize its use and to bend itself to create different and unique architecture.

Through its shapeshifting nature and the virtually limitless possibilities in appearance, ALUCOBOND®'s essence is to yield dynamic architectural designs.

ALUCOBOND®

COLLECTION

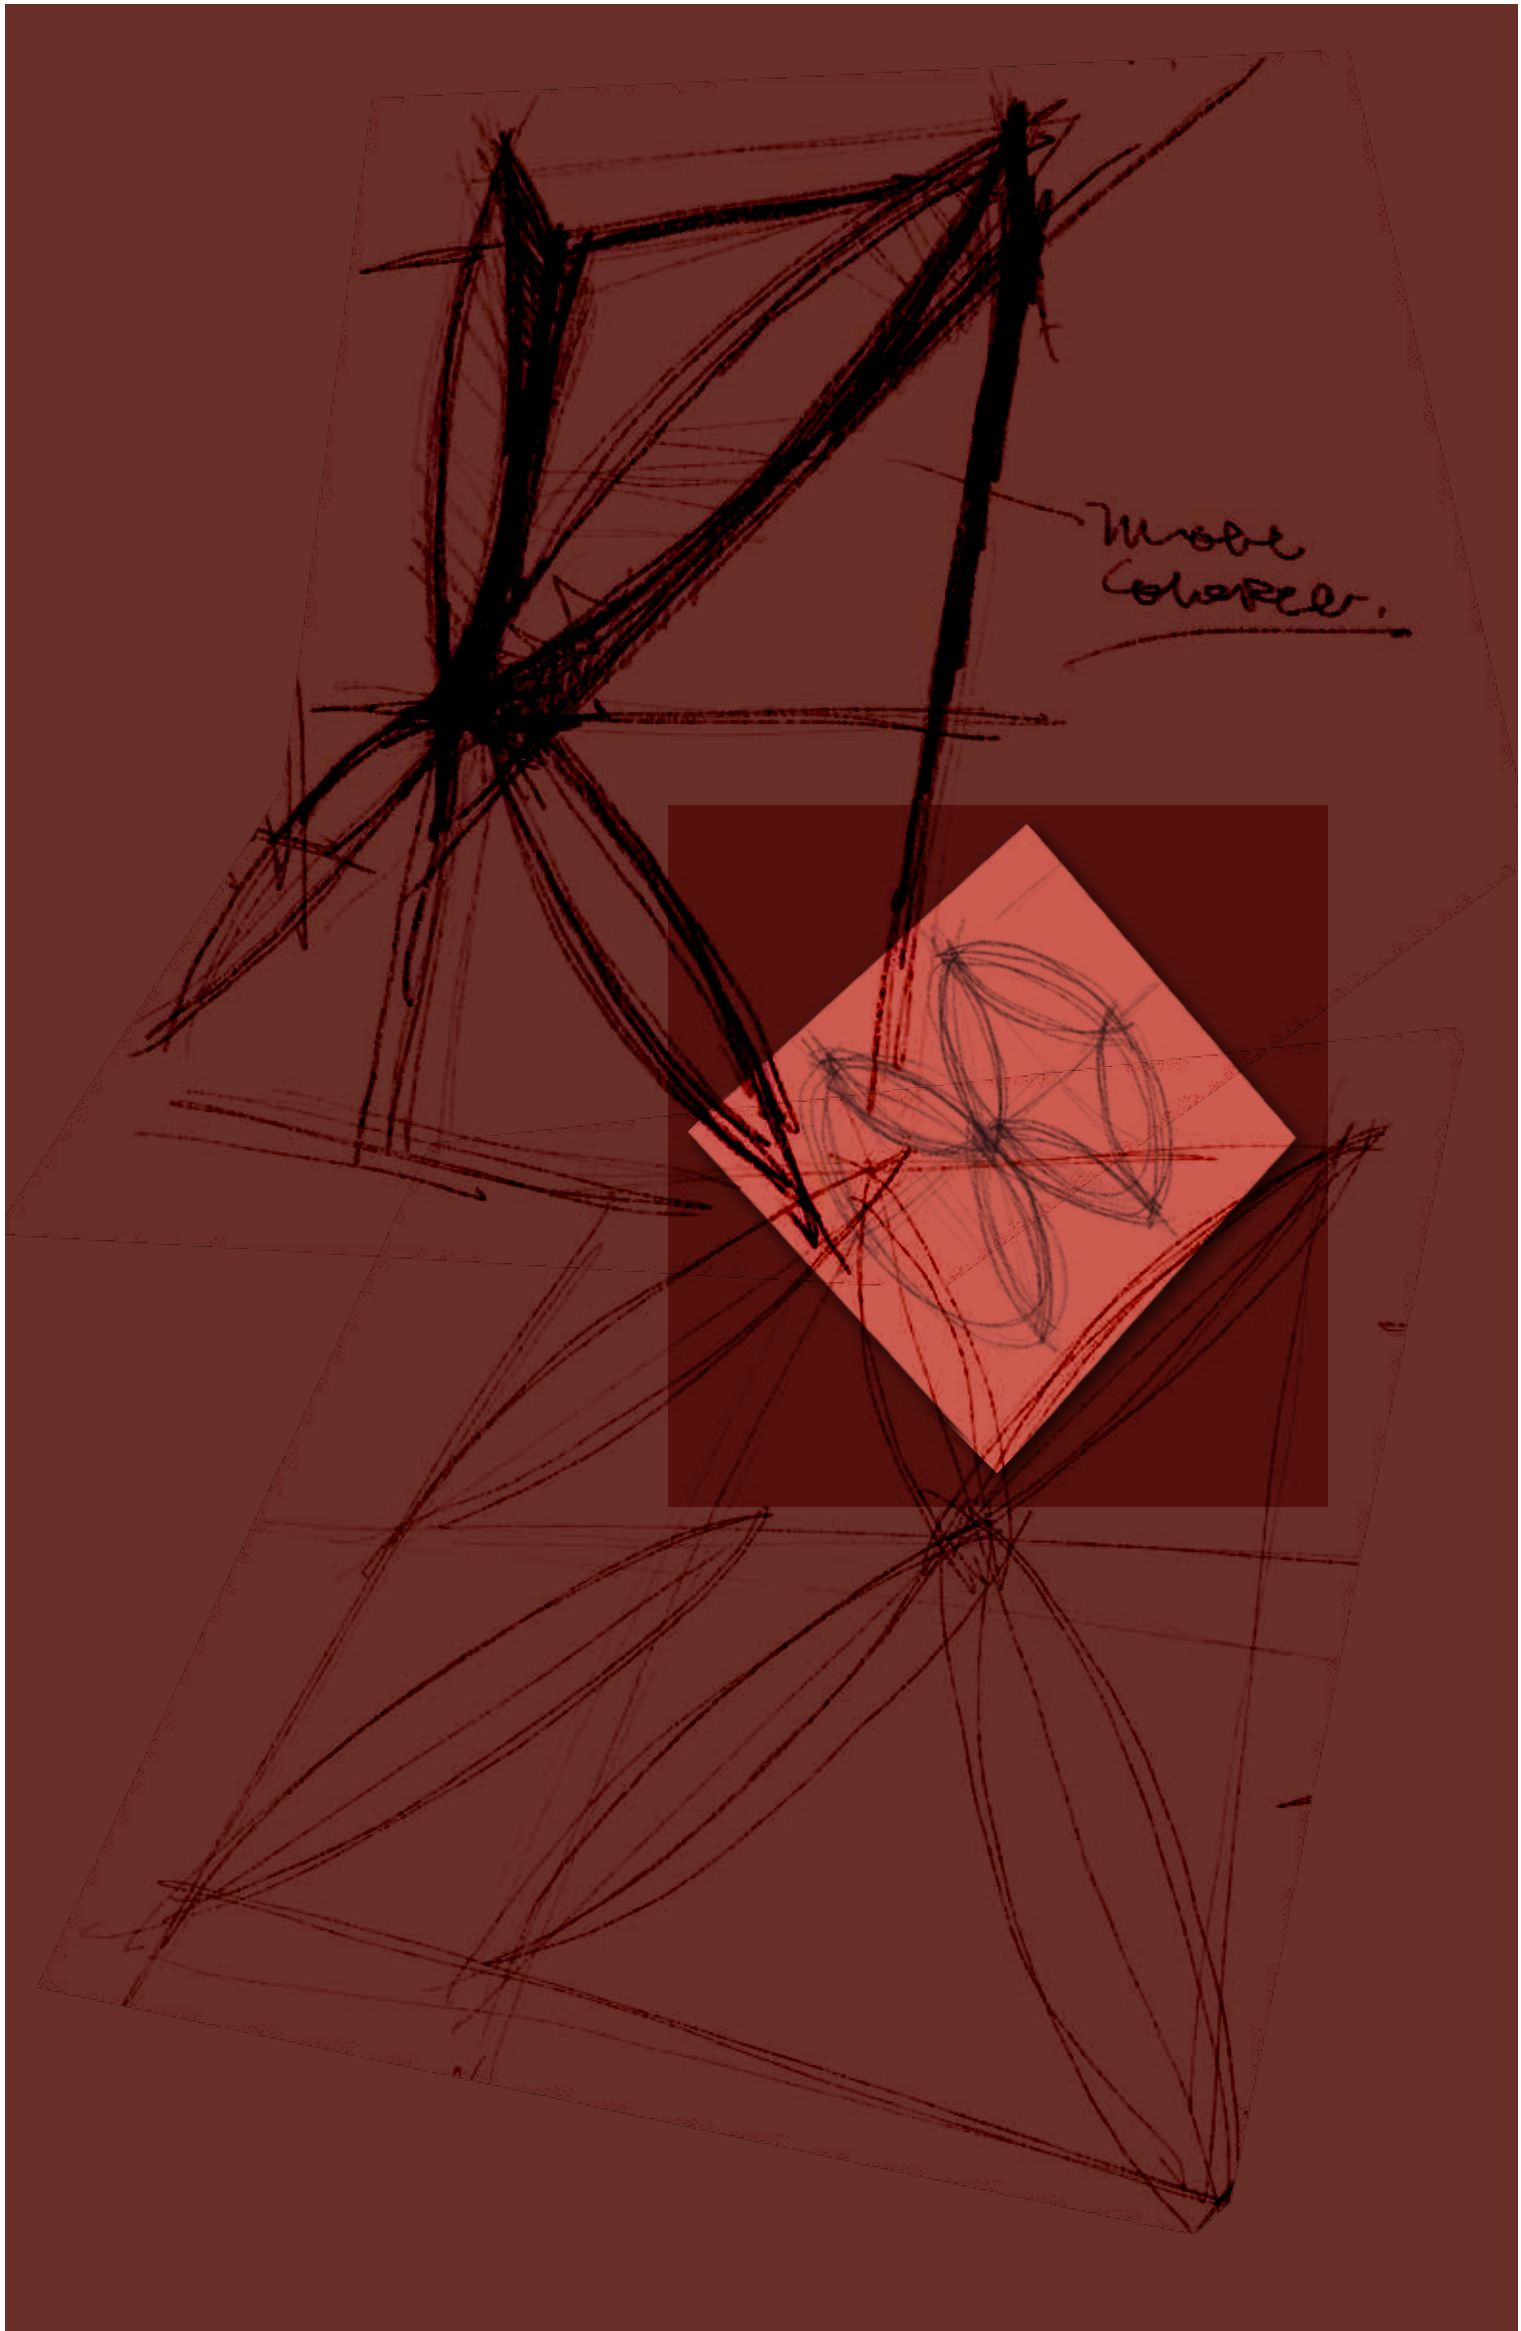

Beyond Architecture

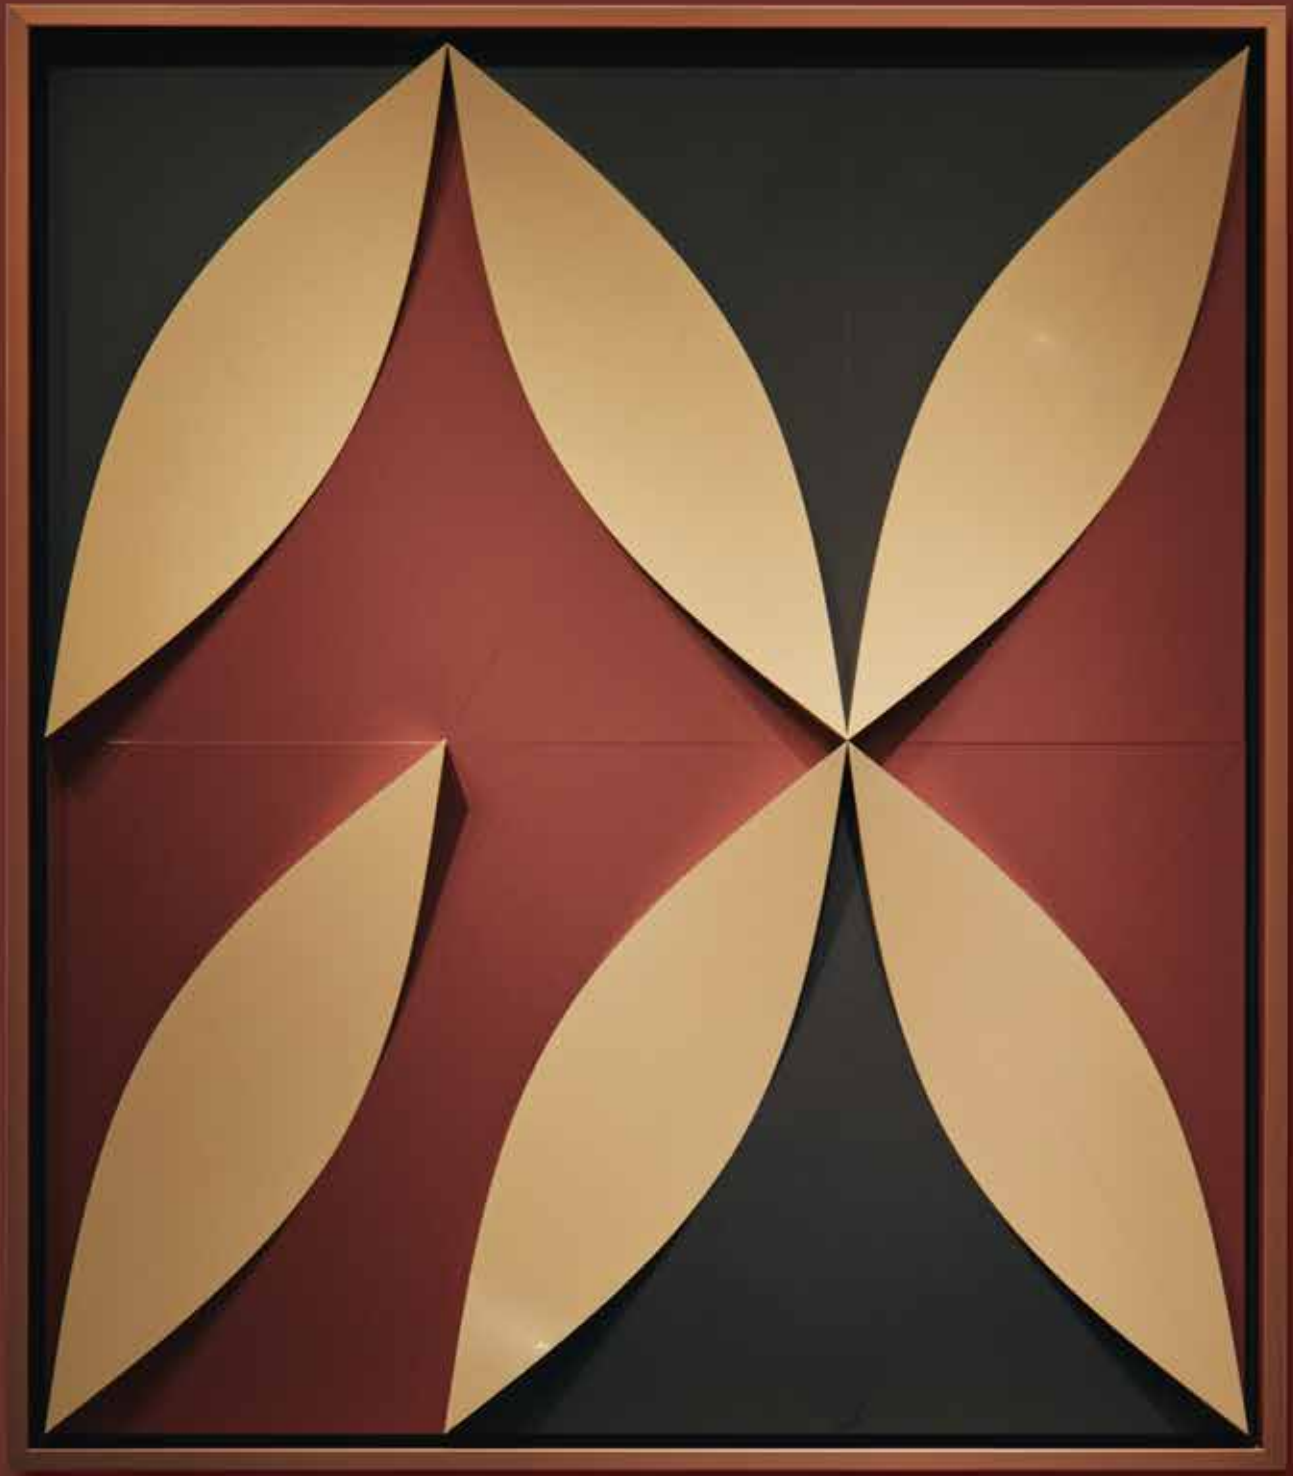

ALUCOBOND® is like an artist in its never-ending quest for nothing less than perfection and immaculate detail. Every piece of work becomes exceptional and shines in the world of architectural materials. Both imagination as well as simple experimentation inspire ALUCOBOND® to be passionate and to unleash creativity. Going beyond traditional boundaries of architecture and industry, ALUCOBOND® carries a spirit within to spark original art. Like a natural patron of the arts it constantly acquires and redefines the meaning of art. Like a grand visionary, it foresees material revolution not only from innovation of technology, but also from fusion with the "Zen" of the unbound.

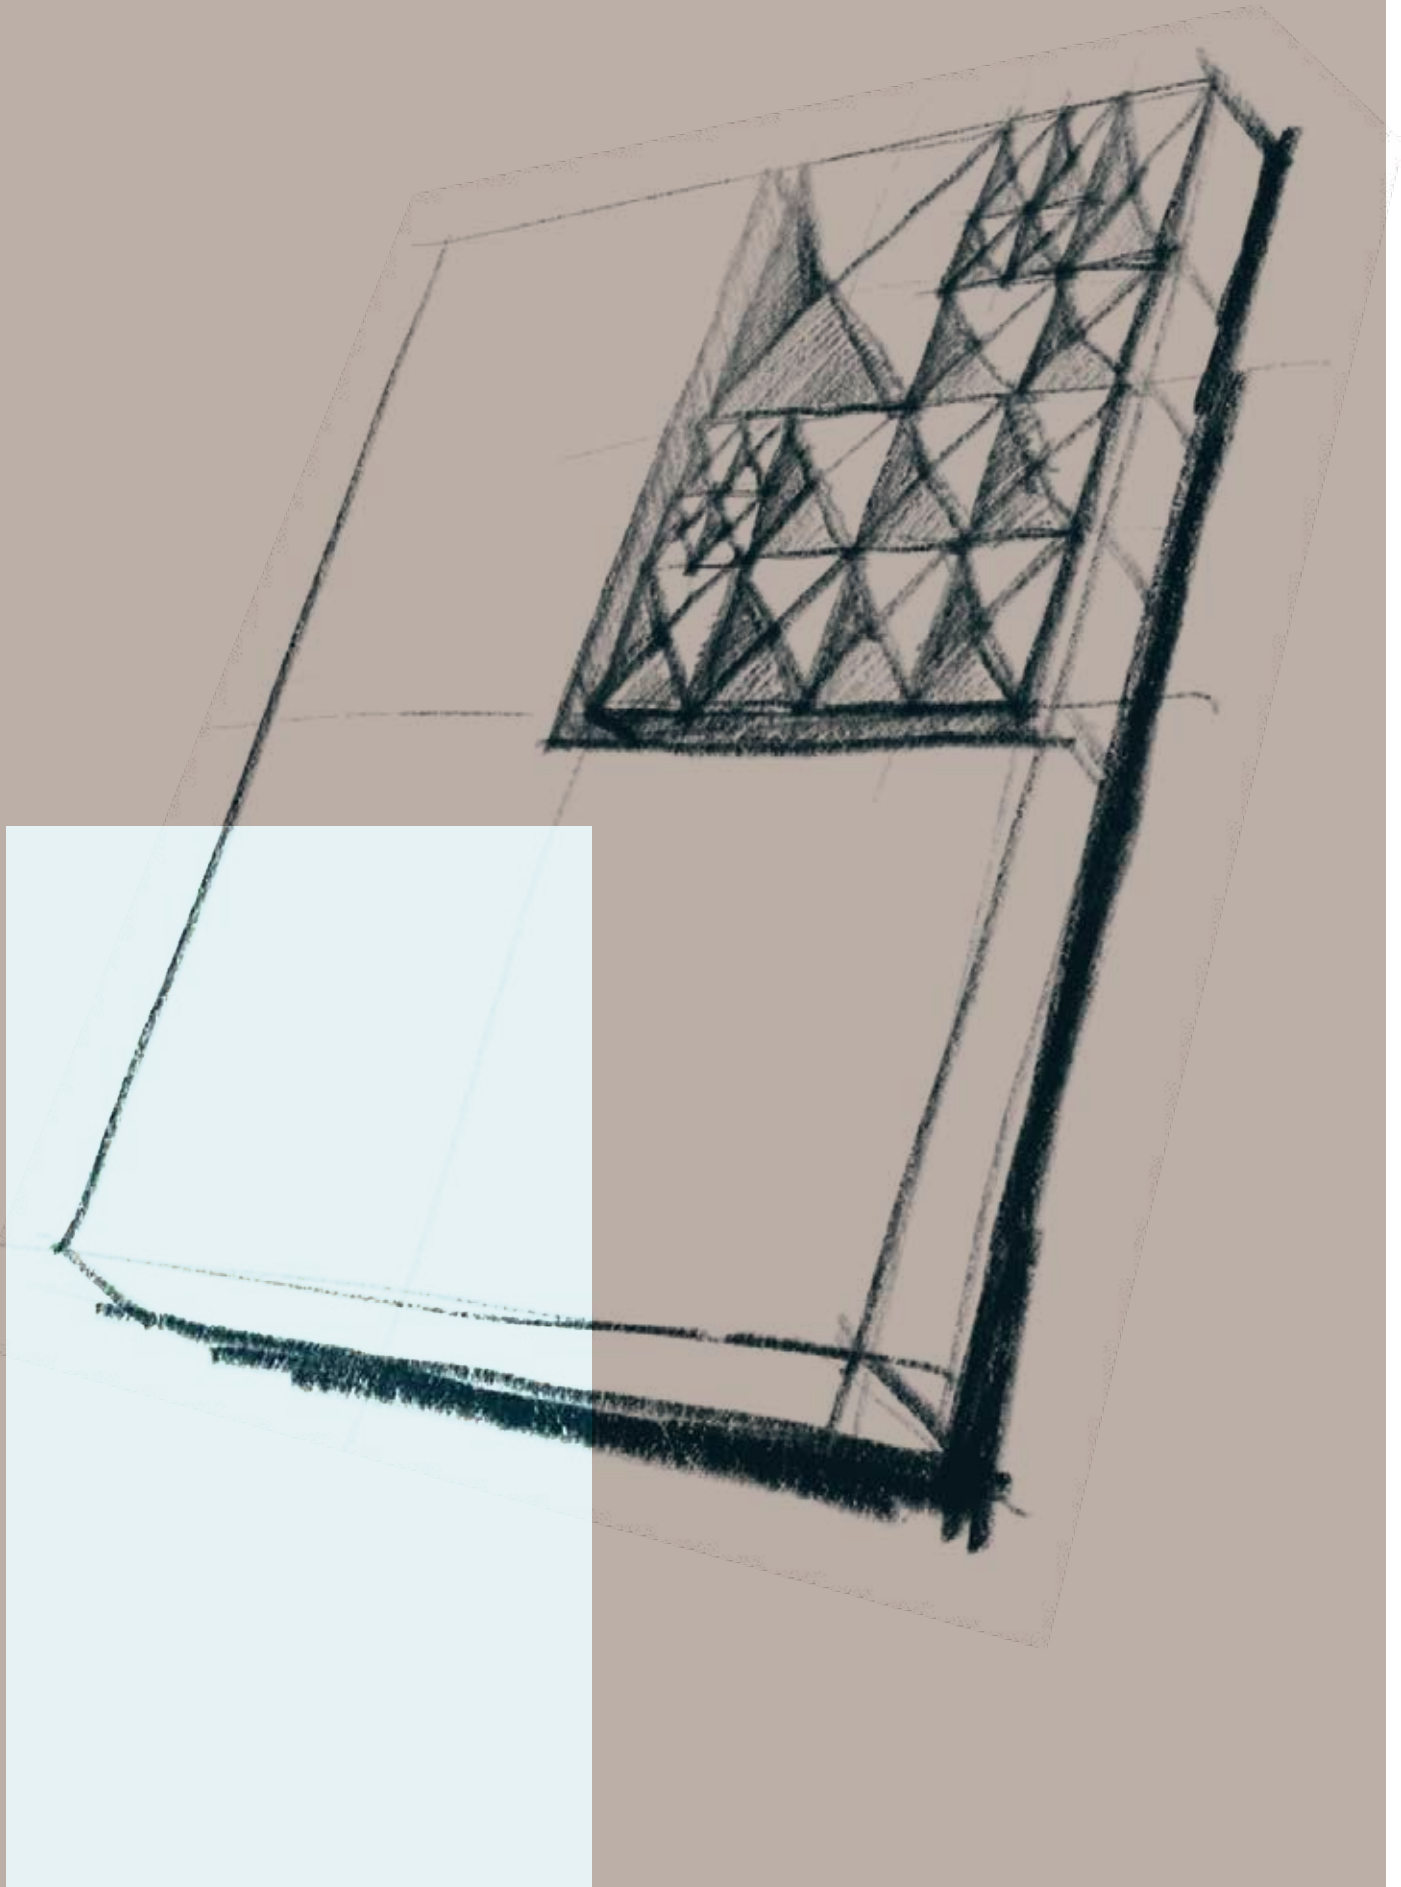

建筑之外

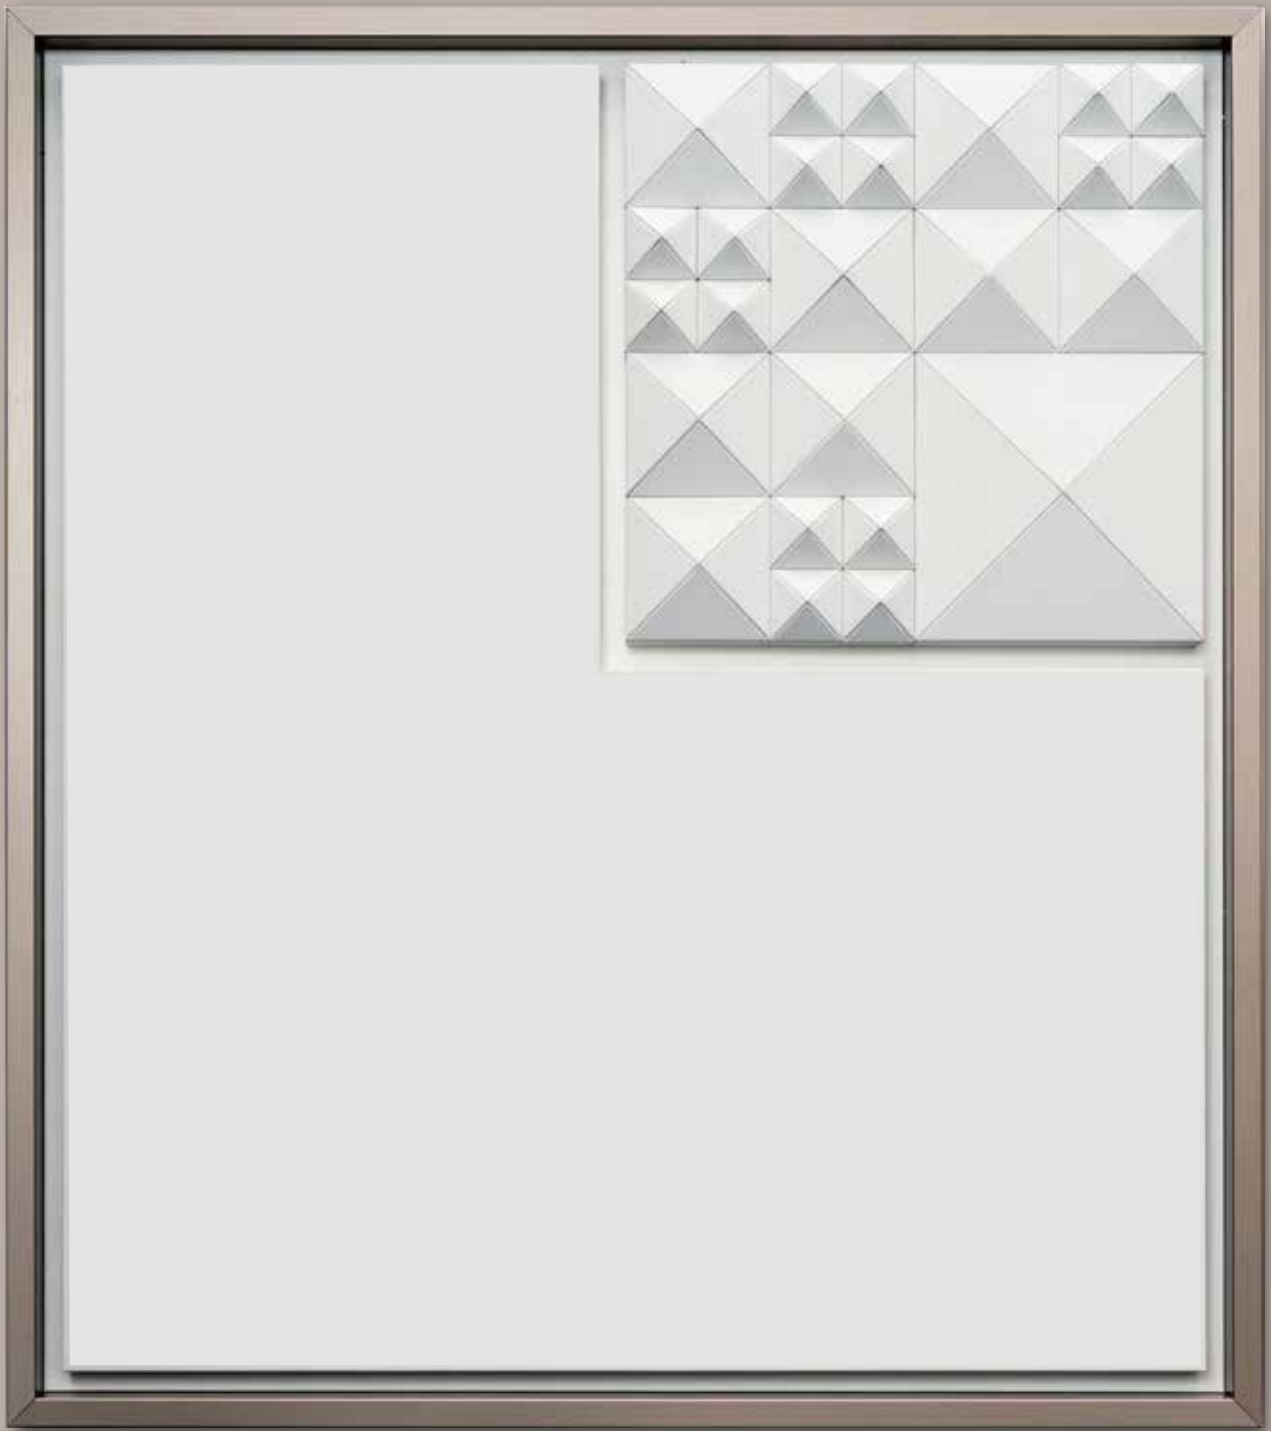

阿鲁克邦® 是追求细节和完美的工匠人,每一件精雕细琢的作品都是建筑材料世界的光华,身体力行的实践和感悟使它绽放出创作无界的热情火花。跨过工业、建筑的围墙,将艺术原汁原味地还原,这是阿鲁克邦® 的精神,它犹如返璞归真的智者,与艺术完美契合,不断继承和定义着艺术的含义;它也是一个伟大的预见者,材料革命的伟大不仅存在于技术的创新,更融合于无界的禅意。
